Meeting Attended:
Pueblo Scoping Meeting

Important Issues:

Property Uses:

Comment:

We own a cabin that has a wonderful view to Mt. Blanca in the Trinchera Ranch. We spend time at our mountain getaway to enjoy the natural beauty the land provides.

We just heard about this project and are very concerned this will effect the wonderful life we enjoy when we go up once a month to our property. We bought this land in the valley to enjoy the view of the undisturbed beauty.

Many years ago Mr Fourbs invisioned a dream to maintain the beauty of this land and we don't think big developers have the right to come and distroy it.

I-162-001

Please contact everyone that owns land there and let them know their property is being threatened by this project.

I-162-001: Public Involvement Process (In Review)

Your email/letter/comment form has been received and your comment noted. The project is in the planning and environmental review stages. Current project information will be available on the RUS project website, <http://www.usda.gov/rus/water/ees/ea.htm> and the Utilities' project website, <http://www.socotransmission.com/>.

The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.
